THE WORLD'S MOST COMFORTABLE  
WIRELESS TV HEADPHONES

Model  
**TV-95RF**

Enjoy clear TV sound  
in comfort anywhere  
in your home without  
disturbing others.

Whether you need a little boost with your audio or simply want to hear your show perfectly without disturbing the rest of the house, our wireless TV listening headphone is the way to go! The TV-95RF is the world's most comfortable listening headset around because it doesn't pinch your ears or mess up your hair. Furthermore, it's super easy to use.

#### Features:

- Superior Design and Comfort (No Ear Pinch!): feather light receiver rests naturally and gently on your shoulders. (U.S. Patent 8155, 668 B2)
- Latest 2.4 GHz Digital Wireless Transmission Technology: listen to your TV from any room and anywhere in your home.
- Hi-Fi Earphones: CD quality life-like stereo sound (up to 120db spl).
- Adjustable Voice-Clarifying Tone Control: enhances dialog so you can understand every word.
- Automatic Volume Control: eliminates sudden commercial noises.
- Completely Wireless & Rechargeable Receiver (batteries included): up to 8 hours of listening time.
- Shuts off automatically after 5 minutes of no TV sound or after TV has been turned off.
- Dual receiver charging bays on transmitter (one included, extra receivers sold separately).
- Easy hook up with RCA cables included\*.

\* A converter (model DAC-202B, available from Serene) may be needed for TVs without RCA or Headset audio output port.
